

Cherven Builds New Alleys

Al Cherven announced this week that a contract has been signed with the Brunswick-Balke Cullender Company for the purchase of eight new Brunswick bowling lanes. Contract for erecting the building has been awarded to Charles Papenfuss and the building will be located adjacent to Bob's Tavern in Roscommon on M-76 on the highway toward Grayling. Plans call for a cinder block building 128 feet x 50 feet with completion date scheduled for the latter part of September.

The place of business will be known as Cherven Lanes and will house eight new Brunswick alleys complete with lockers, ball storage racks, snack bar and B-10, semi-automatic pin spotters.

One pair of alleys will introduce the new Brunswick C-20 Automatic Ball Lift which will enable a person to improve his timing, footwork and control without the aid of a pinsetter.

Preliminary ground work is already under construction with the footings and cement work to start immediately after grading and leveling has been done.

For the benefit of those who lost their equipment in the fire at Spike's there will be a representative of the Brunswick Company, possibly George Young or Pete Carter, present to personally fit anyone interested for a new ball with delivery guaranteed in time to open the bowling season.

Blue prints of the building may be seen at Bob's Tavern.

Tragedy Averted By Quick Action

Three motor boat occupants were saved from possible drowning at Lake Margrethe last Sunday evening by the quick and decisive action of Mr. and Mrs. Don Weaver.

William Tuohonen of Detroit, who now owns the LeBeau property known as the Hump Cabin at Lake Margrethe, and two men guests, rented a small plywood boat from Jack's Boat Livery and mounted a large outboard motor of their own on the craft. The boat swamped throwing the men into the lake. They cry for help were heard by Don Weaver who lives at the lake. He immediately went to their rescue while Mrs. Weaver phoned the Sorensen Ambulance Service who rushed to the scene with a resuscitator. The Mercy Hospital resuscitator was also hurried to the scene by Thorvald Sorensen and Amos Hoesli.

Although the machines were not needed fortunately, their being there available if needed was the result of fast thinking on the part of Mrs. Weaver. One of the men could not swim and the heavy weight of the motor sank the boat so that nothing was around for the men to hold on to. One of the rescued men said that he felt that they could not have lasted much longer when Mr. Weaver's boat arrived to save them.

Both vehicles were badly damaged. The accident was investigated first by Officer Don Barber, who later was joined by Chief John A. Papendick at the scene of the collision.

Michelson Memorial Church School Notes

Mrs. Joseph P. McCall and her three sons, Benjamin, John and David were visitors in the various classes at Sunday School this week. Mrs. McCall, who is visiting her parents, Mr. and Mrs. Bert Norris, is a former teacher, having worked for several years in the Primary Department. Other visitors include Billy Trowbridge, Mike Puffer, Charvon and Raymond Marsreau and Marshall Main in the third grade; Barbara Clingsmith, Susan Wiggins and Douglas Jones in the fourth grade; Douglas and Kenny Sackett and Mary Schunker in the seventh; Marilyn Jones in the eighth; Patricia Borsell, Gary Walling, Karen Long, Art Wahlie and Mike Warden were enrolled as new members of the Kindergarten Class.

Next Sunday the church school will close the books on the third quarter of the most successful year on record. At a recent staff meeting Mrs. J. L. Martin, new Cradle Roll Superintendent, reported an enrollment of 78 children under four years of age, all of whom have received their Cradle Roll Certificates, and many already baptized their Certificates of Baptism. Of these, 20 are already enrolled in the church school nursery class and are in regular attendance at Sunday School.

Plans for the Daily Vacation Bible School are shaping up rapidly, with staff meetings scheduled for June 25, July 2 and July 6. The school, a cooperative project sponsored jointly by Michelson Memorial and the Grayling Lutheran Churches, will open Monday, July 7, for two weeks, to be followed by an achievement program and a Fellowship Picnic. A complete schedule will be published next week.

Our first group of campers will leave next Sunday afternoon for Judson Collins Junior Camp. Six children are scheduled for this camp.

Grayling Fire Department News

The weekly meeting of June 23rd was called to order by Chief Middle LaMotte at 7:30 p. m.

The Department then went down to Spike's and hooked up with a double hook-up with a push, and washed all the fly-ash and dirt off the cement where the bowling alley was.

While we had water in the hose we tested them under pressure. In all, the 10 lengths of hose were tested. This ends our hose testing for awhile as we have tested every length of hose we have. The bad hose was repaired or destroyed.

After this was done, we went through two more business places. Hanson's Garage and the Automobile Restaurant.

We made a complete tour of these buildings and got the lay out of each.

When this was finished we went back to the Fire Hall and hung the wet hose up to dry and re-loaded the trucks with dry hose. The minutes of the last meeting were read and approved.

Fifteen members were present. Meeting was adjourned at 9:00 P. M.

sign of Parish progress and development. It means that the Parish is now large enough to maintain its own grade school. The school will open in September with the Sisters of St. Joseph of Nazareth, Michigan, in charge. Three classrooms, comprising the first six school grades, will be used at the outset. The seventh and eighth grades will be added in succeeding years and the fourth classroom will be put into use. Eighty-three children have already been registered for the first six grades in September.

Bishop Haas came to the Grand Rapids Diocese in the Fall of 1942 from the Catholic University of America, Washington, D. C. While a professor at the University he gained national prominence for his proficiency in the field of labor relations. He chaired Boards and Committees by Presidential appointment and has been the recipient of numerous awards in recognition for his success in the field of Labor and Sociology. He is the author of several publications.

Following the Blessing and Dedication Ceremonies St. Mary's will hold Open House for the friends of the Parish and the fellow citizens of the Community. Many out of town visitors and clergymen are expected. The public is most cordially invited and welcomed to attend.

Kiwanis Club Notes

Floyd Davis was in charge of the program at Monday night's meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn.

He spoke on facts surrounding the past presidents of the United States which proved most interesting. The facts included their education, age when taking office, how long they lived, their profession, religion and descent.

He then moved up to the present time and gave the powers vested in the President's office, how the cabinet is formed, president's salary and expense fund and finally to the electoral votes that were cast for presidential candidates during the past 10 or so elections.

The talk brought out many facts either not widely known or forgotten. The subject enlightened many of the members on various phases of the presidential office.

Former Resident Passed Away In Lansing

Mrs. Anna F. Hermann, widow of the late Adolph Hermann and for many years a resident of Grayling, passed away at a Lansing Hospital on June 14th, following a long illness. Funeral services were held and interment took place in Oscoda on June 17th.

Anna Lobahn was born in Germany in 1872, and at the age of 16 with a brother Ernest Lobahn came to America and settled in Oscoda. Here in 1896 she was married to Adolph Hermann, the latter passing away while the family resided in Grayling. After the passing of her husband Mrs. Hermann operated a rooming and boarding house for teachers. Her days were always busy ones, but still she found time to be very active in church circles and will be remembered as an ardent worker in the Ladies Aid Society of Michelson Memorial Church. She had many friends here who will be sorry to learn of her passing.

Leaving Grayling Mrs. Hermann went to Ypsilanti and there made her home with her daughter Mrs. Charles Hill and later with her daughter Mrs. William E. Hathaway in Lansing. Surviving the deceased besides these daughters is a son Alfred Hermann of Grand Rapids, four grandchildren and two great, great grandchildren.

Mr. and Mrs. Kirt Klischen, Mr. and Mrs. W. J. Heric, Mrs. David Montour and Mrs. Laura McLeod from Grayling attended the funeral services in Oscoda.

You'll never guess who the twins pictured above are so we will tell you. They are Carl John and Jens Christian Jensen at the tender age of six months.

Chris and Carl were born in Grayling to Nels Peter and Alma Susan Jensen on June 19, 1947 in a log building, now burned down, that was back of the New York Central coal dock. Their father was a coal heaver.

Newly Weds At Home In Dearborn

At home to their friends at 26558 Hopkins Street, Dearborn, following a honeymoon spent in Taguamemnon Falls are Mr. and Mrs. William Welsh.

Bouquets of pink peonies and assorted garden flowers graced the Baptist Church, Frederic, when Miss Gretchen Christine Payne became the bride of William Welsh of Dearborn.

Rev. Lucian Hall officiated at the double ring ceremony in the presence of 150 guests on Saturday, June 21st. Mr. Don Claybaugh, uncle of the groom sang "Because" and traditional wedding music was presented by Mrs. Lucian Hall.

Miss Payne is the daughter of Mrs. Edith M. and the late John Payne of Frederic. The groom is the son of Mr. and Mrs. Henry Kalemba of Dearborn.

Gretchen's wedding gown was fashioned of nylon net with insertion lace over white taffeta. It featured a mandarin neckline and buttoned down the back with little satin covered buttons. The sleeves were long. The skirt ended in a long train. Her fingertip veil was held in place by a pearl trimmed cap. She carried a bouquet of red roses and white sweetpeas. Her brother, John W. Payne gave her in marriage.

Mrs. Richard Shawl as matron of honor wore orchid net over taffeta and a lace jacket and carried a Colonial bouquet of Parma violets and white asters. Miss Edith Payne and Mrs. James Payne, who also attended the bride, wore pink and maize net over taffeta, respectively. Each wore lace jackets and carried Colonial bouquets of pink asters.

Little Diana Payne, niece of the bride, was flower girl. She wore a pink satin dress and sweetheart bonnet. The flowers were violets and white asters tied with white satin streamers. The groom's cousin, Danny Claybaugh, ring bearer, carried the rings on a satin pillow.

Best man was William Buc, U. S. Navy, Fla. Other gentlemen attendants were James Payne and Don Claybaugh, uncle of the groom.

Mrs. Payne wore a Copenhagen blue nylon cameo print and white accessories for her daughter's wedding. The groom's mother chose navy taffeta with white complements. Each wore a corsage of red roses.

Two hundred guests attended the reception given by the bride's mother at the Sportsmen's Hall following the ceremony. The wedding cake was three tiered and topped with a miniature bride and groom in front of a wedding bell. Music for dancing was furnished by Henry Kallama and Mike Kruchenski.

The bride graduated from Northeastern School of Commerce, Bay City, in 1949 and is employed as a secretary by the Ford Motor Company. Mr. Welsh received his discharge from the U. S. Navy, November 30, 1951, after four years service and is employed by the Sheldon Tire Company.

Guests present at the wedding and reception were from Grayling, Vanderbill, Johannesburg, Detroit, Dearborn, Bay City, Flint, Essexville, Mt. Rose, Corunna, Battle Creek, Melvindale, Ft. Meade, Maryland, Florida and California.

Puffer Sees Chance Grow

R. C. Puffer, Republican Candidate for Congress in the Tenth District declared here today that his chances of winning the nomination in the primaries August 5th are increasing every day.

He said that interest in his candidacy is indicated by the warm reception of the voters in many communities; also by the number of requests for speaking engagements.

Among the groups especially interested are the farmers, who want a representative in Congress who knows something about their problems from first hand experience. A farm owner himself, Mr. Puffer has first hand knowledge of the farmers needs and of their thinking regarding Government policies as related to farming.

He further stated that he is confident that as the campaign progresses that support will be solidified all over the district.

Acquaintance with the sentiment of the district indicates that a great deal of support will be forthcoming from people who feel that in fairness another part of the district deserves recognition.

The Grayling candidate spoke in Glennie Monday night and in Prescott Tuesday evening. He is speaking to the Midland Republican Women's Club today in Midland.

LEAVE WOODS BABIES STRICTLY ALONE

We are again in the season when we see all types of woods babies running around and we sometimes have the urge to pick them up and take them home to care for them.

This practice is strictly illegal and for the most part these animals are not lost or deserted and should never be picked up.

If you should find animals you think deserted, leave them alone and contact your local Conservation Officer. He will make every effort to locate them and if they prove to be deserted he will see that they go to a place where trained men will care for them.

There is no such thing as a permit for taking or holding animals or birds taken other than during open season on such birds and animals. If an animal is taken legally, during its respective open season then it is possible to get a permit to possess such an animal.

Sodium Fluoride Program Gets Under Way

Plans are now complete for the topical application of sodium fluoride to the teeth of school children of this community. Appointment cards are being mailed this week to parents of children enrolled for this program. It is of utmost importance that the appointments be carefully kept, in order that each child may receive the complete course of treatments, July 1st through July 15th. If you have a child enrolled and do not receive an appointment card this week, it may be because of insufficient mailing address. In that case please call Phone No. 4286 or 3051 and you will be given an appointment schedule.

This service is being provided by the Dist. Health Dept. No. 1 and is being sponsored locally by the Grayling Kiwanis Club.

The Grayling P.T.A. has been asked to furnish two volunteer workers each day, so if you are asked to serve, please make every effort to do so. One person will assist the dentist with supplies and the other will register the children and check appointments as they come in. Ernest cooperation of all concerned will assure the success of this program.

William Weiss of Elm Street, Grayling was fined \$25.00 and assessed court costs of \$4.50 last Wednesday evening by Judge Larry Giesche. Weiss, who pleaded guilty to a reckless driving charge, also had his driver's license revoked for 30 days by the court.

He was arrested by Police Chief John Papendick after his car rolled over and he was ticketed for reckless operating of a motor vehicle.

Ohio Guardsmen To Open 1952 Field Training Season; Indiana, Michigan To Follow

Award Four Camp Construction Contracts

Approximately 3000 Guardsmen of non-divisional units of the Ohio National Guard will invade Michigan's Hanson State Military Reservation 6 July to open the second consecutive year of field training at Camp Grayling with attendance from three states.

Ohio units to train at Camp Grayling include: 166th RCT, 107th Armored Cav. Regt., 372nd Inf. Bn (sep.), 364th Ord Maint Co, 137th MP Co, and Ohio State Hq and Hq Det.

And field training will not be limited to the Hanson State Military Reservation. As Ohio field soldiers prepare for the long journey home 20 July, airmen of Ohio's 121st Ftr Wg will arrive at the Grayling Air Base on 19 July, numbering 1200 strong.

The airmen will probably make up for a week's lack of activity at Camp Grayling until 27 July when the "Cyclone" Div hits camp. Indiana Guardsmen of the 38th "Cyclone" Div and non-divisional units will total over 7700 officers and men.

On 3 August, an additional 340 men from Indiana, members of the 138th AAA AW Bn will arrive for their second week's training after spending the first week at Camp Perry, Ohio.

As 10 August rolls around all Indiana Guardsmen will be home-bound. Ohio airmen will have been gone a week, but 450 Illinois Air National Guardsmen will have arrived at the Grayling Air Base.

Illinois airmen will still have a week of training ahead when on 16 August 7500 members of the "Iron Fist" Division embark for training on the shores of Lake Michigan.

"Now, Take It Easy"

Sheriff William F. Golinick today called upon motorists to take part in the special safety campaign to check the number one traffic killer - excessive speed.

"Speeding is the leading cause of traffic deaths," Sheriff Golinick said. "It is involved in two out of every five fatal traffic accidents and is a contributing factor in a large percentage of all personal injury and property damage accidents."

"The Crawford County Sheriff's Department, along with other sheriff's and police departments throughout Michigan, is taking part in a campaign sponsored by the State Safety Commission to emphasize the dangers of excessive speed. The slogan is 'Now, Take It Easy' and the objective is to impress upon every motorist the necessity of practicing speed control."

"Every driver in Michigan is obligated by law to maintain a safe speed at all times. But many fail to do so and help to build up our accident toll."

PLUMBING & HEATING CONTRACTING

KOHLER PLUMBING AND HEATING FIXTURES. DURO PUMPS. SHALLOW OR DEEP WELL

"Everything in Plumbing and Heating Supplies"

Your Milk

The Hartwick Pines State Park attracts more tourists than anything else in our county. Here they find the only virgin standing timber this side of the Straits. These giant trees stand guard in the pleasant part of the day and through the stillness of the night, in the memory of one who paid in full measure with his young life for his country he loved so well.

Since taking over this park, miles of young pine trees were planted and roads were made for fire guards, the old logging camp, cook shack and bunk house for lumberjacks were erected, samples of course. This gives the people a good idea what life was like here fifty or more years ago. In less than a lifetime, this park will be one of the greatest wonders of our state. With all this forward move, agriculture can not lag behind, you can, you will, you must. The dairy cow leads the parade. Just say, "Give me Crawford County produced milk." Sold by Hunter's AuSable Dairy.

"Why Not A 'No Work' Week?"

(The following editorial is reprinted from the Mansfield, Ohio, News-Journal.)

"The thought occurs that possibly a specially designated 'no work' week—or month—might be fitted into the general scheme of things and made applicable to all employed persons—however essential their activities may appear to be.

"Strikes accomplish this for some workers—to the detriment of others—and in order that there be no partiality it would appear reasonable that some specific time be designated for a general shutdown—with temporary suspension, of course, of all professional services as well as those associated with business, transportation, communication, entertainment, and the like.

"If it is within the power of organized minorities to leave their jobs, on order of their leaders—as is being done so frequently of late—why shouldn't a period be designated for everybody to take a week or a month off at the same time so that there would be no need for picketing or violence—just an entire nation at leisure—AND WITH TIME TO THINK!

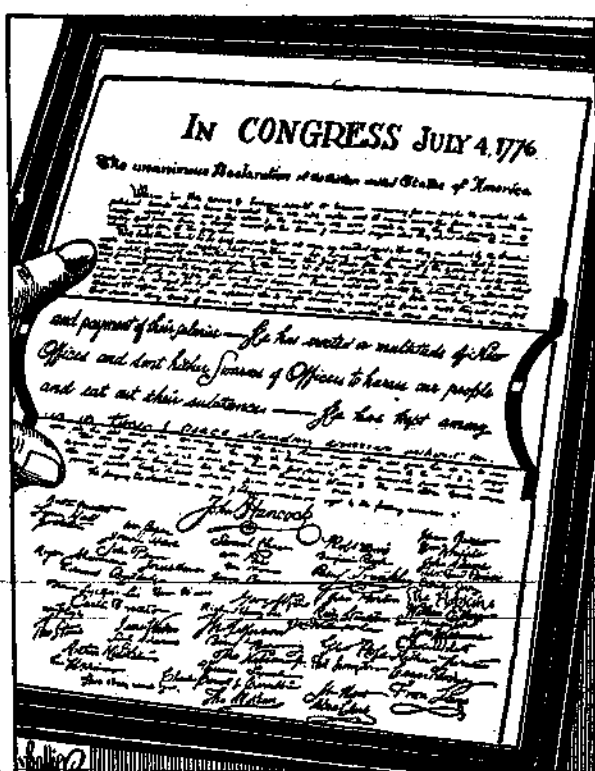

"THINK, for instance, of—all of a sudden—finding yourself and family without water gas and electricity in your home . . . and without phone service, of course, as all of these require work by some people—and remember, there's to be no work.

"Patients in hospitals would receive no attention from nurses or physicians, and in the event of deaths there could be no burials during the 'no work' period . . .

"No mail deliveries, no newspapers—none of the so-called conveniences, or even 'essentials' to which people have become accustomed—just a stoppage of everything at the same time.

"FANTASTIC? Yes, perhaps, but no more so than some of the things this country has been undergoing—and possibly giving a hint at urgent need for correction of quite obvious weak spots in the operation of government under present auspices."—MANSFIELD NEWS-JOURNAL.

From where I sit... by Joe Marsh

Whitey Sure
"Rang the Bell"

Telephone woke me out of a sound sleep last Friday about eleven-thirty. "This is Whitey Fisher out on River Road," says a voice. "I just wanted to tell you how much I like this week's Clarion."

"Thanks, Whitey," I told him. "But why in blazes call to tell me at this time of night?" "Simple," he says, "your paper boy just delivered it a short while ago. Been waiting for it all evening."

Next day, Bussy Wilson tells me he delivered Whitey's paper late because he stayed for the school dance and thought it would be OK

to drop it off on his way home.

From where I sit, I can't blame Whitey for his joke. He was just reminding me we owe other people the same respect we expect from them. Since I'm always talking about respecting the other fellow's rights—including his right to enjoy a glass of beer if he chooses, it was only fair that Whitey should "wake me up" to his right to get his copy of the Clarion on time. Thanks again, Whitey!
